

WE HAVE TWO MESSAGES TO SHARE WITH YOU

Message One: After much consideration and looking at options for later in the fall, we like other races are CANCELING Tromptown, edition 43, this year. With the Fair also being canceled we feel its best to do the same and turn our attention towards the 2021 Tromptown Runs.

We are going to use this time to think about what the last 43 years have been and where we can go from here in the future. This is the end of something, chapter of 43, with many memories and tons of people to thank for their help in putting on a great race over the years.

Thank you to all those race day volunteers and helpers, this race could not have been accomplished without your help and support! A big shout out to all the runners over the last 43 years! We have had runners from all over our country and internationally. And many of you from CNY have participated nearly every year. Thank you to all the runners and their families for supporting Tromptown.

Going forward we will be re-evaluating some things about the race and what we can do in future years to make the races better and keep its uniqueness. A run that has earned the reputation over the years as one of the most challenging, yet beautiful courses. If you have any thoughts you would like to share about improvements to the Tromptown Runs please email to winskeele@hotmail.com. Or private message on our facebook page ideas and thoughts.

Message Two: The Fair, which has included the Tromptown Run, is the largest money maker for our Fire Department. And has already been mentioned that it too has been canceled. However, A Celebration Run will be held Saturday August 8th at 8:AM. It will be un-supported. You would be responsible for your own water, and maneuvering the course safely. Roads will be open which has been standard practice for Tromptown. It is training time and your pace!! Maps on the web site, or made available at front of school. Donations appreciated. Any amount!!!
